

Not-For-Profit

Lippes Mathias Not-For-Profit team has extensive experience representing a variety of tax exempt organizations nationally, including research institutions and educational organizations, family foundations, hospitals and health care systems foundations, charitable organizations and religious institutions.

Our Not-For-Profit team is comprised of attorneys from several practice areas allowing us to provide our clients with thorough, practical and creative solutions and ideas to assist our clients with reaching their business goals.

We assist our tax-exempt clients with:

- Corporate structuring: formations, mergers, dissolutions, joint ventures, creation of spin-offs
- Governance: certificates of incorporation, bylaws, conflict of interest and whistleblower policies, employment contracts and executive compensation, ethics, advice on director roles and responsibilities, document retention policies, and compliance policies and programs
- Compliance with New York Nonprofit Revitalization Act, and advising on not-for-profit legislative updates and government initiatives.
- Tax exemption: initial applications, maintaining and re-instituting tax-exempt status, unrelated business income tax and reporting to the New York State Charities Bureau.
- Intellectual property matters including policies and related transactions.
- Fund Formation
- Legal Agreements: drafting, review, and negotiation of confidentiality agreements, service provider agreements, joint venture agreements, executive compensation and employment agreements, financing documents, and non-disclosure agreements
- Real Estate: leases, purchases, litigation, finance, and title insurance
- Labor & Employment: advice and counsel on employment issues, employee benefits, drafting of employment policies and handbooks, employment litigation, labor arbitrations, and training programs
- Intellectual Property: patents, trademarks, copyrights
- Litigation and government investigations
- Financial Reorganization, Restructuring and Insolvency
- Hospitals and Health care systems: advice and general counsel services to hospitals (large tertiary hospitals)
