We have the expertise to provide our clients with comprehensive advice throughout all phases of a project, from conception to completion. Our attorneys have been responsible for major multimillion and billion dollar real estate transactions, including the financing, sale, leasing and acquisition of shopping centers, office complexes, industrial buildings, warehouses, apartments, student housing, condominiums, mobile home parks, and hotels.

Collectively, our attorneys and paralegals have decades of experience representing developers in all facets of their business. Two partners in this practice group share a combined 25 years of experience as senior in-house counsel and advisors to the largest family-owned commercial real estate developer in the United States and were engaged in all aspects of that company's real estate development and financing. Another of our attorneys has more than 30 years of experience practicing real estate law with a concentration on condominiums.
