

## Lippes Mathias Recognized as Top Patent Firm by Juristat

January 30, 2026 | **PRESS RELEASES**

Lippes Mathias LLP has been recognized as a Top Patent Firm in Juristat's 2025 Edition, earning bronze recognition in normalized allowance rate, normalized time to allowance, and normalized office actions to allowance, as well as silver recognition in extensions and time to response after office action.

The recognition follows Juristat's annual evaluation of firms that filed or disposed of more than 100 patent applications during a fixed 12-month window. Firms are assessed using metrics that align with how clients evaluate patent prosecution work: outcomes, speed, efficiency, difficulty, and scale. These metrics examine how effectively firms convert effort into results, manage prosecution cycles, and perform in challenging contexts—including appeals, interviews, small-entity work, design filings, and prosecution before difficult examiners—without relying on volume alone.

Selection is based on a qualitative, holistic review conducted annually by an internal, cross-functional panel of Juristat experts. There is no application, fee, scoring formula, or rigid scorecard. The panel considers public, verifiable indicators of innovation and operational progress, including adoption of analytics, automation, or responsible AI; documented process improvements; evidence of measurable client impact; and thought leadership or knowledge sharing. Each year, a limited and variable number of firms are recognized based on the panel's review.
