

Martin L. Doster, Lippes Mathias Wexler Friedman's Senior Environmental Advisor, to Participate in Air & Waste Management Association Annual Seminar

January 24, 2017 | **PRESS RELEASES**

BUFFALO, NY – Martin L. Doster, senior environmental advisor at Lippes Mathias Wexler Friedman LLP, will present at the Air & Waste Management Association Niagara Frontier Section’s annual seminar “Hot Topics in Environmental Technologies, Law and Regulations” on January 25, 2017 at Templeton Landing in Buffalo. He is participating in a panel discussion on “Management of Historic Fill and Low-Level Radioactive Materials.”

The full day seminar provides environmental professionals with an opportunity to stay updated and informed on the latest regulatory and technology developments in the field from experts representing industry, regulatory, legal and consulting disciplines. All proceeds from the seminar go towards environmental scholarships for future professionals.

In his role at Lippes Mathias, Mr. Doster advises attorneys and consults on matters related to national environmental issues facing the firm’s real estate and development clients. He joined the firm following a 32-year career with the New York State Department of Environmental Conservation, where he spent the majority serving as the regional remediation engineer for the Division of Environmental Remediation. Mr. Doster serves as an adjunct faculty member at the University at Buffalo where he lectures on design of environmental engineering systems.
