

Natalia R. Beltre and Gregory T. Measer Author Article in MD News on Private Equity and Corporate Practice of Medicine in New York

April 28, 2026 | **IN THE NEWS**

Lippes Mathias LLP attorneys Natalia R. Beltre and Gregory T. Measer authored an article in MD News analyzing New York's evolving regulatory framework governing private equity investment in healthcare. The article examines proposed Senate Bill S8442, which would codify New York's corporate practice of medicine doctrine and, for the first time, permit unlicensed individuals to hold a minority ownership stake in physician-owned professional corporations.
