

Opportunities for Solar on Brownfields | Thursday, October 13, 2022

September 14, 2022 | **EVENTS**

Environment and renewable energy advisors from Lippes Mathias, Montante Solar, and Haley Aldrich will provide a comprehensive and detailed case study discussion, outlining the stages of redevelopment on a brownfield site. Through the lens of the case study, they will discuss:

- Environmental and land-use considerations for developers and municipalities
- Engineering best practices and challenges in designing and building projects
- Financial incentives for private developers and investors
- Characteristics of successful projects and potential challenges
- Learn how the Inflation Reduction Act is a game changer for brownfields

3:00 – 4:00 p.m. – program

4:00 – 5:00 p.m. – networking & refreshments

In-person location:

Lippes Mathias LLP

50 Fountain Plaza, Suite 1700, 7th Floor
Buffalo, NY 14202-2216
